APPENDIX A TO PART 223—PROCEDURES FOR IDENTIFYING AND CONTROLLING DoD UCNI

A. General

1. The Secretary of Defense's authority for prohibiting the unauthorized disclosure and dissemination of DoD UCNI may be exercised by the Heads of the DoD Components and by the officials to whom such authority is specifically delegated by the Heads of the DoD Components. These procedures for identifying and controlling DoD UCNI are provided as guidance for the Heads of the DoD Components to implement the Secretary of Defense's authority to prohibit the unauthorized dissemination of unclassified information on security measures, including security plans, procedures, and equipment, for the physical protection of DoD SNM, equipment, or facilities.

2. The decision to protect unclassified information as DoD UCNI shall be based on a determination that the unauthorized dissemination of such information could reasonably be expected to have an adverse effect on the health and safety of the public or the common defense and security by increasing significantly the likelihood of the illegal production of nuclear weapons or the theft, diversion, or sabotage of DoD SNM, equipment, or facilities.

3. Government information shall be made publicly available to the fullest extent possible by applying the minimum restrictions consistent with the requirements of 10 U.S.C. 128, necessary to protect the health and safety of the public or the common defense and security.
